#### SERIOUS CUTTING

George Cooper Yesterday Slashed William Kincaid on a Streetcar

Yesterday afternoon William Kincaid of Carmel street and George Cooper of Wood street, while aboard Bruce Snapp's car in the East End, got into a fight, and the former was slashed several times with a knife, one cut requiring fourteen stitches.

The origin of the cutting was about the loan of 50c which Cooper claimed the former owed him.

Cooper came to Police Headquarters to give himself up. There being no officer present, he returned home, and shortly after was arrested by Officer Tolle, and taken before Judge Whitaker, who placed him under a \$200 bond for his appearance today.

WHAT folly to spell "d-r-o-u-g-h-t" and then pronounce it "drouth."

THE Lexington Leader says the announcement from the Department of Justice that the eight-hour law is to be rigidly enforced on all Government work that comes within the meaning of the statutes is said to be but one of several measures decided upon by the National Government to convince organized labor that there is no hostility toward it felt by the Administration, and that the crusade being conducted by Mr. GOMPERS and some of his associates is unwarranted. The Administration is determined to enforce all laws, whether they are for the benefit of labor or capital.

Coupled with the eight-hour enforcement activity is the action of the Department of Justice in proceeding against the employer of telegraph operators on a Southwestern road who, it is claimed, discriminated against those operators associated with a Union organization.

In still another direction the Administration shows its interest in workingmen by the decision to protect the lives and limbs of railroad employes by rigidly enforcing the safety appliance act.

The Administration wants it understood, however, that this law enforcement is not a radically new departure nor a result of the activity of Mr. GOMPERS or his associates against the

Speaker of the House of Representatives, Representative LITTLEFIELD of Maine and other members of the House, and of the Republican party who did not do the bidding of the Federation of Labor. For example, the safety appliance act has been rigidly enforced for a year or more back, and thousands of dollars have been collected from the railroads for its violation.

The enforcement of the eight-hour law is in consequence of the direct representation of Mr. GOMPERS, who claimed that it was not properly enforced. Not having had his attention directed to the condition of facts complained of by Mr. GOMPERS, the President and other officials of the Administration were unaware of the evasions of the law. They investigated the complaints of Mr. GOMPERS and found them well-founded. On these they will act. The law is to be enforced conservatively and yet fully.

While the course of the Administration is not expected to meet all of the extreme demands of some of the leaders in Unionism, it is believed that the President and his associates have been sufficiently mindful of the wishes and interests of organized labor to go before the country on the record made. No effort will be made to propitiate the extremists; but the thoughtful laboring masses, it is believed, will not consent to be led into opposition to such men as CANNON and LITTLEFIELD, who have been guilty of no other crime than that of opposing the Anti-Injunction Bill, which only a small part of organized labor is demanding, and which the leaders of both parties unite in saying is not good or desirable legislation. The defeat of any one of the men whom the Gompers following are after would in no way improve the situation as it relates to the Anti-Injunction Bill. It is admitted by thoughtful Democrats that, if they should have a majority in the next Congress, they would not think of putting such legislation on the statute books.

SUNDAY FLAMES Poyntz Bros. Whisky House Damaged By Fire Last Afternoon

Yesterday afternoon about 4:30 o'clock what might have been a disastrous fire was forestalled by the prompt response and effective work of the entire fire department.

The scene of the fire was the three-story brick building in Market street occupied by Poyntz Bros. as a wholesale and retail liquor house.

Messrs. Ben T. and Charles B. Poyntz and Mr. Patrick Fox were on the second floor at the time, inspecting and arranging goods to be lowered to the first floor for Monday sales.

The flash came while Mr. Ben Poyntz was in the act of inspecting the serial number of a barrel by the light of a match.

How he escaped fatal injury is a miracle. His whiskers and eyebrows were singed and his right ear painfully burned.

Messrs. Poyntz and Fox escaped down the elevator on to the street and gave the alarm.

During the short time the fire burned there were four or five loud reports, evidently an explosion of some kind.

The vapor arising from the open bunghole in the barrel and the intense heat may have been contributory causes to the sudden igniting following the lighted match.

The house contains a large stock of the celebrated brands of whisky manufactured by the Poyntz Distillery, and it will take several days to ascertain the actual loss, which resulted from water more than fire.

The loss is covered by insurance.

NOTES.

A Fire Chief, having full control and direction of the four companies, is needed to make the department an entire success. As it is now there are too many bosses.

December 14th, 1898, about 1 o'clock in the morning, eight years ago, this same building was gutted by a destructive fire.

It was then occupied by Watson Bros. as a wholesale liquor house, and notwithstanding the great heat from the burning whisky, the weather was so intensely cold that the entire front of the building was a mass of ice.

During the fire the men suffered from the extreme cold.

The building belongs to Mr. Omar Dodson and sustained very little damage. Tom Lalley while fighting the fire had his hand severely cut by broken glass.

COLE'S BIG SHOW One of the Many Hair-Raising Feats That Will Be Seen

With Cole Brothers United Shows, due to exhibit in this city on Wednesday, August 29th, will be found an act which has made other managers sit and notice things since the opening of the season. It is termed "spanning death's arch," and persons who have witnessed it proclaim it a highly sensational and daring feat—one which seems to prove that their author, Mlle D'Ziti, possesses nerves of steel. Mounting to the topmost pinnacle of a towering web-like wooden inclined plane, this dauntless young lady seats herself upon an ordinary bicycle and, before the surging mass of expectant humanity below can fully realize just what she intends to do she has started upon her frenzied flight. The bravest heart seems to cease beating for the moment, as machine and its charming rider near the earth, 30 feet from which both stood upward and onward into space, having left the curved end of the frail structure's first section. Like a bird on wing they fairly fly through the air, high over the broad backs of a herd of elephants, clearing a space of 55 feet and landing upon the last portion of the light wooden path. This unparalleled deed of daring is given free on the show grounds directly after the parade and again at 6:30 p. m.

Freight Handlers Quit at Cincinnati and Others Will Follow

Fifty-five freight handlers on the C. and O. at Cincinnati went out on a strike Friday and inaugurated what threatens to be a general strike of this class of labor on all roads entering the Queen City.

Ten days ago the C. and O. men demanded a raise in wages, and upon receiving no answer after the time limit expired they immediately walked out.

For the time being their places are being filled by men from the Kentucky yards.

The Pennsylvania Railroad is also having trouble with some of its men, and it is considered very probable that they will join in with the other freight handlers.

The demands made on the railroads were for increased wages. The ordinary freight handlers have been getting fifteen cents an hour for ten hours' work and the "pickers" who select the freight and then turn it over to others to remove are getting sixteen cents.

The former demand seventeen and one-half cents and the latter eighteen and one-half cents. Both ask time and one-half pay for work overtime. The companies refuse to give any of these demands.

Mrs. Nicholas Longworth will press the button which will open the Fall Festival in Cincinnati tomorrow morning.

Public Printer Stillings has responded to the President's phonetic spelling order in a letter of hearty indorsement.

In the local option election Saturday in Washington county the "drys" won a decided victory, having a majority of about 800 votes.

MRS. MARY ANN HOWARD.

The venerable Mrs. Mary Ann Howard died yesterday morning at 8:10 o'clock at her home near Northfork of general debility, aged 87 years, 8 months and 9 days.

The deceased leaves three sons and one daughter.

Funeral occurred this morning at 10 o'clock, soon time, the interment being in Shannon Cemetery.

Mr. William Duryea of the county is improving of his attack of paralysis.

Miss Sallie B. Deputy of Newport and Mrs. Sarah A. Banks of Cincinnati were badly bruised in an auto accident in New York.

Under a decision of the County Judge of McCracken county, permits will have to be obtained from the County Judge before children under 16 will be allowed to work in any trade, and the parents must show that such work is the child's only means of support.

### SHOT IN THE NECK

Amos Bolar Wounded Saturday Night at Home Near Fernleaf

Amos Bolar, who was one of the police at the Germantown Fair, and who resides on the Joshua Burgess farm near Fernleaf, was shot Saturday night by a man named Jefferson, who is in Bolar's employ.

The ball entered the left side of the neck, but its location has not yet been determined.

Dr. Reed was summoned, and he pronounced the injury merely muscular and not at all dangerous.

Nothing can be learned as to the origin or merits of the difficulty.

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

### WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Maysville People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strain, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease.

There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ills.

Maysville cures are the proof.

W. H. Paul, carpenter by trade, living at 333 East Third street, Maysville, Ky., says:

"I value Doan's Kidney Pills as highly today as I did when I first used them in 1890. I got a box and used it for a pain in my back and other evidences of a disordered condition of the kidneys which had given me much trouble for two years or more. This remedy acted promptly and I was soon cured. I did not notice any of the difficulties until some four years later, or about a year ago. I again procured Doan's Kidney Pills at J. James Wood & Son's Drugstore and all symptoms of the trouble were quickly and thoroughly removed. Since then I have not noticed any signs of trouble of any kind arising from my back or kidneys. I most cheerfully re-indorse Doan's Kidney Pills, for they are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents a box.
